

POSITION: BREWER

We are currently looking for a Brewer to join our team in Longmont, CO. This position is responsible for specialized beverage manufacturing of Chai Tea.

Qualifications:

- A love of great food and a desire to help build a fantastic workplace environment
- 2 year's food manufacturing experience preferred
- Prefer a minimum of 2 year's college, bonus points for natural sciences course work, or direct food science experience.
- Able to use basic spreadsheets, follow written work instructions
- Able to follow process flows via piping, pumps, tanks, etc.
- Must work well in a team or individually, and be flexible in work shift's start/finish times.
- Must be able to lift 55# daily
- Must have a sound understanding of science and mathematics.
- Ability to monitor pH values and temperatures throughout the brewing process.

Candidate will be responsible for:

- Supporting the brewing and packaging operations of our production facility
- Brew house support, including ingredient preparation and post-production cleaning
- CIP and COP of brewing and bottling equipment
- Bottling operation support, labeling and loading bottles for filling, and casing filled bottles
- Understand and abide by Food Safety, quality and workplace safety practices and policies in place
- Familiarity with current FDA regulations, Organic regulations, and cGMPs
- Minor maintenance of production equipment, and have the ability to troubleshoot issues.

Shift: Days 4am-12:30pm, Monday thru Friday (must be flexible to work overtime, weekends, and off-shifts as needed)

Pay rate will commensurate with experience.

Will need to supply professional references and current resume.
